ADDENDUM # 22

To the Four Shortlisted Proposers:

**Archer Western with GAI Consultants
Kiewit with PB Americas
Superior with Arcadis
The Lane Const Corp with RS&H**

Project #: E2P13
Financial Project# 20954555201 and 20954555601
Title of Project: SR115 (Martin Luther King Jr. Parkway) 21 Street (Talleyrand Avenue), Access to Port of Jacksonville; Interchange Improvements, City of Jacksonville, Duval County.

An existing JEA sanitary sewer manhole has been identified at the intersection of Haines Street and 22nd Street that falls within the Department's limited access right-of-way. JEA's sewer asset (approx. 15 LF or less of 8" sewer and manhole) is to be relocated out of the FDOT LA Right of Way. The relocation would include:

- Installation of a new JEA Sanitary Manhole (approximately 25 to 30 LF due north of the existing manhole's location) in the City's Haines Street Right of Way;
- Connection of new manhole to existing sewer piping; and
- Removal of the existing sewer (piping and manhole) south of the new manhole location.

The new manhole location shall allow access to the system for future maintenance.

Please sign, date and email a copy of this addendum back to me today to indicate receipt. A copy of each addendum is to be returned with your bid package.
